AMANSATYAWANI

Computer Science Undergraduate

@ amansatyawani10@gmail.com 🔗 LinkedIn | Twitter | GitHub | Website 📍 New Delhi, India

SUMMARY

I am a detail-oriented Computer Science undergraduate specializing in full-stack web development. With strong technical skills including JavaScript, TypeScript, and a variety of backend technologies, I have successfully developed multiple projects that showcase my ability to create robust web applications. I am dedicated to continuous learning and passionate about applying cutting-edge technologies to solve real-world problems

EXPERIENCE

Full Stack Developer

Ezintsha Systems

📅 07/2024 - 09/2024

- Learned full stack development with a focus on React.js, JavaScript, Express, and Node.js
- Built real-world web apps under the guidance of Harminder Singh
- Picked up clean coding habits and got comfortable working across both frontend and backend

PROJECTS

AI-Powered Sales Call Analysis SaaS

🔗 https://ai-transcript-fe.vercel.app/

An AI-powered application for analyzing sales call transcripts

- Built a production-ready SaaS MVP enabling users to upload and analyze sales call transcripts using AI/NLP
- Developed end-to-end features including secure authentication (email/password, Google Auth)
- Implemented multi-format transcript upload (TXT, PDF, VTT, DOCX), and AI-driven insights like sentiment trends, objection frequency, and response effectiveness using OpenAI APIs

LinkVault

🔗 https://second-brain-app-phi.vercel.app/

A platform to save, organize, and utilize content from across the web

- Developed a full-stack second brain application using React, TypeScript, Tailwind, Shadcn, Node.js, and Express.js

Engaze-landing-page

🔗 https://engaze.netlify.app/

A modern, refreshed take on Engaze's landing page.

- Redesigned for a cleaner UI, smoother UX, and a more engaging first impression.
- Developed using React.js, Tailwind CSS, Framer Motion, Shadcn and TypeScript.

SKILLS

Java   JavaScript   TypeScript

React.js   Next.js   Express.js

Node.js   TailwindCss   Docker

GitHub   Next.js   PostgreSQL

PostgreSQL   Prisma ORM   Vercel

CERTIFICATIONS

The Complete Web Development Bootcamp

Covering HTML, CSS, Bootstrap, JavaScript, Node.js, Express.js, achieving proficiency as a Full-Stack Web Developer

Cohort 3.0 by Harkirat Singh

Comprehensive full-stack web development training covering frontend (React, Next.js, Tailwind), backend (Node.js, Express, databases, authentication), monorepos, WebSockets, and advanced backend concepts like queues, scaling, PubSub and redis

Java Technoloy from Incapp Institute

demonstrating proficiency in Java programming

EDUCATION

Bachelor of Technology in Computer Science

Dr. APJ Abdul Kalam Technical University

📅 08/2021 - 05/2025 📍 Uttar Pradesh, India

Class-XII, CBSE-Aggregate 73%

Queen Global International School

📅 04/2020 - 03/2021 📍 New Delhi, India

Class-X, CBSE-Aggregate 78%

Queen Global International School

📅 04/2018 - 03/2019 📍 New Delhi, India
